# 1.0 Introduction

## 1.1 Purpose of this document

This document is aimed at:

- Providing the necessary inputs to the detailed requirements gathering phase and further on for the SDLC processes.
- This document also serves to establish the traceability between the Business Objectives and the requirements identified in the proposed solution and how they satisfy the stated objectives.
- Provide expectation traceability in terms of the requirements and the user expectation
- Serves as a formal template for documenting the Business Requirements, which also includes statutory and regulatory requirements.

The purpose of this document is to systematically capture requirements for the project and the system to be developed. Functional requirements are captured in this document. It also serves as the input for the project scoping.

## 1.2 Project Overview

### 1.2.1 Objectives

Below are the objectives that shall be fulfilled post the execution of this project:

The Airport Management System system is a system to add the plane information along with pilot details, add the Hangar and add the allotting Hangars to the planes, scheduling of the Hangars availability.

The following are the important modules in the system

- Adding Planes
- Adding Pilots
- Adding Hangars Details
- Allotting the planes into Hangars.
- Get Hangar Status

## 1.3 Intended Audience

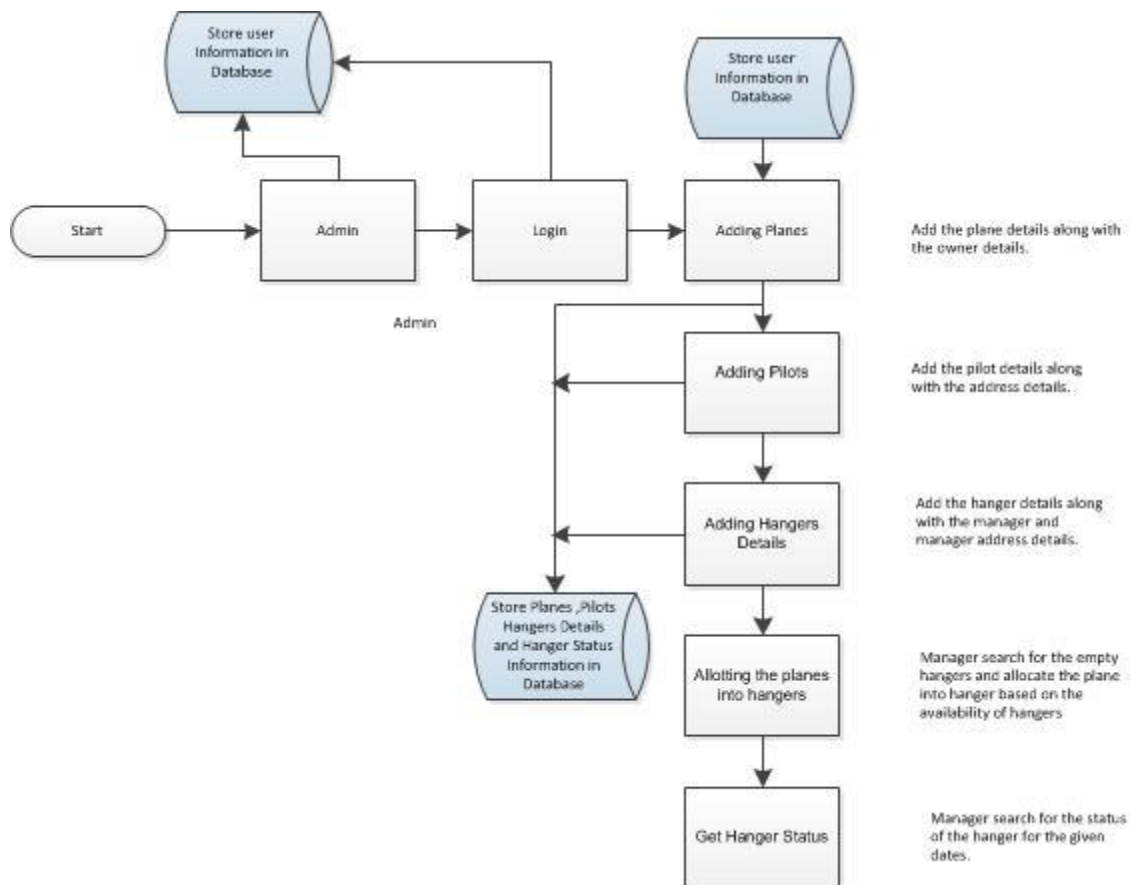

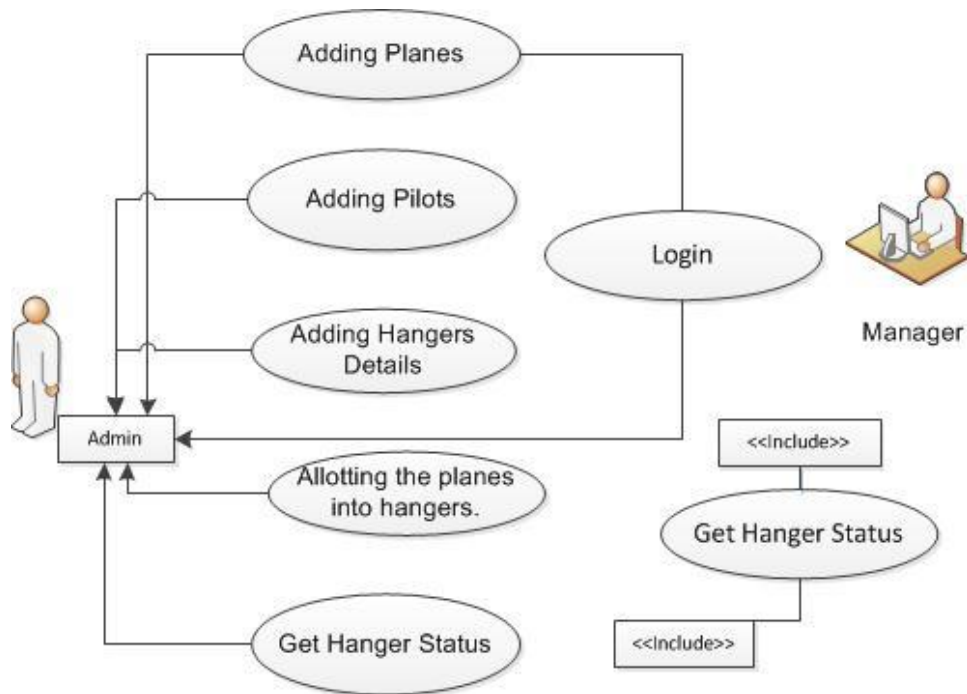

- All member of the project.
- Delivery Assurance Group.

## 2.0 Process Architecture

Below is the overall functional flow of the project including the components of interaction

- Create Admin Registration page & Authentication.
- Create Manager Registration page & Authentication.
- Add plane details.
- Add pilot details.
- Add Hangar details.
- Allot planes to the Hangars.
- Update Hangar status.
- View Hangar status.
- Disconnect on log off.

## 3.0 High Level Business Requirements

Note - Primary focus is to complete developing the critical requirements (highlighted in Yellow) and then to proceed with the remaining requirements.

S.No.	Business Requirement ID	Short Description	Description in detail	Interacting Business Processes
1	Req_1	Initial Selection	Ability of the system to allow to Supplier to choose Admin / Manager / pilot Login/Registration	
2	Req_2	Manager Registration	Ability of the system to procure the fundamental details of the Manager	
3	Req_3	Manager Authentication	Ability of the system to authenticate the Manager credentials of the registered Manager.	
4	Req_4	Admin Registration	Ability of the system to procure the fundamental details of the Admin.	
5	Req_5	Admin Authentication	Ability of the system to authenticate the credentials of the registered Admin.	
6	Req_6	Pilot Registration	Ability of the system to procure the fundamental details of the Pilot.	
7	Req_7	Pilot Authentication	Ability of the system to authenticate the credentials of the registered Pilot.	
8	Req_8	View registration request	Ability of the system to allow Admin to view the registration request	
9	Req_9	Approve / Deny manager / pilot registration	Ability of the system to allow admin to approve or deny the registration request.	
10	Req_10	Admin registration approval	Ability of the system to allow Super user to approve Admin registration	
11	Req_11	Add planes / update planes	Ability of the system to add/ update plane details.	
12	Req_12	Update Flight Plan	Ability of the system to allow Pilot to update the flight plan.	
13	Req_13	Update Pre-flight mode	Ability of the system to gather information necessary to enter flight mode.	
14	Req_14	Update Post-flight mode	Ability of the system to gather information during flight mode. It should display the information regarding future flights.	
15	Req_15	Update Resources	Ability of the system to update the Waypoints, maps, and routes.	

16	Req_16	Target Generation Facility	Ability of the system to provide information about current flights or registered flight plans.	
17	Req_17	Add pilots work schedule	Ability of the system to add pilot's work schedule details.	
18	Req_18	View schedule	Ability of the system to allow Pilot to view the schedule	
19	Req_19	Request rescheduling	Ability of the system to allow pilot to reschedule his work time.	
20	Req_20	View / approve rescheduling request	Ability of the system to allow admin to view and approve the rescheduling request.	
21	Req_21	Update schedule	Ability of the system to update pilot's work schedule details.	
22	Req_22	Add Hangars	Ability of the system to add Hangar details.	
23	Req_23	Allotting planes to the Hangar	Ability of the system to allot planes to Hangar.	
24	Req_24	Update Hangar status	Ability of the system to update the Hangar details.	
25	Req_25	View Hangar Status	Ability of the system to allow admin / pilot to view the Hangar details.	
26	Req_26	Generate Report	Ability of the system to allow Admin to generate report on Pilot schedule, Hanger allotment, Plane details.	
27	Req_27	Other validations	Ability of the system to allow add on validations like Forget User ID, Forget Password	
28	Req_28	Help	Page to assist the users to report technical issues	
29	Req_29	Manager / Admin logoff	Ability of the system to enable Manager / Admin to logoff	

## 4.0 Detailed Business Requirements

### 4.1 Functional Requirements

The Requirements in this document are prioritized as follows:

Value	Rating	Description
1	Critical	This requirement is critical to the success of the project. The project will not be possible without this requirement.
2	High	This requirement is high priority, but the project can be implemented at a bare minimum without this requirement.

3	Medium	This requirement is somewhat important, as it provides some value but the project can proceed without it.
4	Low	This is a low priority requirement or a “nice to have” feature, if time and cost allow it.
5	Future	This requirement is out of scope for this project, and has been included here for a possible future release.

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_1.1	Initial selection	Screen should display the option for Admin login / Registration and Manager login / Registration and Pilot login / Registration	UI	Critical	NA	Req_1	
Req_2.1	Manager Registration	When the Manager clicks on the registration link, it should re-direct to registration form.	UI	Critical	NA	Req_2	
Req_2.2	Manager Registration	Manager needs to fill some of the basic attributes/fields as mentioned below in requirement: First Name, Last Name, Age, Gender, Contact Number, Manager Id, Password	UI	Critical	NA	Req_2	Please refer to Table 1.0 under References
Req_2.3	Manager Registration	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_2	
Req_2.4	Manager Registration	Manager failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	E	Medium	NA	Req_2	
Req_2.5	Manager Registration	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_2	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_2.6	Manager Registration	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	E	Medium	NA	Req_2	
Req_2.7	Manager Registration	Admin should be able to view the New Managers for registration	F	Critical	NA	Req_2	
Req_2.8	Manager Registration	Admin should approve / reject the Manager Request.	F	Critical	NA	Req_2	
Req_2.9	Manager Registration	If rejected, the Manager should not be allowed to login with the registered credentials	F	Critical	NA	Req_2	
Req_2.10	Manager Registration	Manager should get SMS on Approval / Rejection	E	Medium	NA	Req_2	
Req_3.1	Credential Authentication	A registered Manager – is able click 'Login' link, after keying in 'Manager ID' & 'Password' field and get his credentials authenticated with the existing database entry.	F	Critical	NA	Req_3	
Req_4.1	Admin Registration	When the Admin clicks on the registration link, it should re-direct to registration form.	UI	Critical	NA	Req_4	
Req_4.2	Admin Registration	Admin needs to fill some of the basic attributes/fields as mentioned below in requirement: First Name, Last Name, Age, Gender, Contact Number, Admin Id, Password	UI	Critical	NA	Req_4	Please refer to Table 2.0 under References
Req_4.3	Admin Registration	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_4	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_4.4	Admin Registration	Admin failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	E	Medium	NA	Req_4	
Req_4.5	Admin Registration	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_4	
Req_4.6	Admin Registration	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	E	Medium	NA	Req_4	
Req_5.1	Credential Authentication	A registered user – is able click 'Login' link, after keying in 'Admin ID' & 'Password' field and get his credentials authenticated with the existing database entry.	F	Critical	NA	Req_5	
Req_6.1	Pilot Registration	When the Pilot clicks on the registration link, it should re-direct to registration form.	UI	Critical	NA	Req_6	
Req_6.2	Pilot Registration	Pilot needs to fill some of the basic attributes/fields as mentioned below in requirement: First Name, Last Name, Age, Gender, Contact Number, Pilot Id, Password	UI	Critical	NA	Req_6	
Req_6.3	Pilot Registration	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_6	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_6.4	Pilot Registration	Pilot failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	E	Medium	NA	Req_6	
Req_6.5	Pilot Registration	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_6	
Req_6.6	Pilot Registration	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	E	Medium	NA	Req_6	
Req_6.7	Pilot Registration	Admin should be able to view the New Pilots for registration	F	Critical	NA	Req_6	
Req_6.8	Pilot Registration	Admin should approve / reject the Pilot Request.	F	Critical	NA	Req_6	
Req_6.9	Pilot Registration	If rejected, the Pilot should not be allowed to login with the registered credentials	F	Critical	NA	Req_6	
Req_6.10	Pilot Registration	Pilot should get SMS on Approval / Rejection	E	Medium	NA	Req_6	
Req_7.1	Credential Authentication	A registered Pilot – is able click 'Login' link, after keying in 'Pilot ID' & 'Password' field and get his credentials authenticated with the existing database entry.	F	Critical	NA	Req_7	
Req_8.1	View registration request	Admin should be able to view the registration request awaiting approval	F	Critical	NA	Req_8	
Req_9.1	Approve / Deny Manager / Pilot registration	Admin should be able to approve or deny the registration request.	F	Critical	NA	Req_9	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_9.2	Approve / Deny Manager / Pilot registration	Upon approval, Manager / Pilot should be able to log in successfully.	F	Critical	NA	Req_9	
Req_9.3	Approve / Deny Manager / Pilot registration	Upon denial, message should be display when they try to log in.	F	Critical	NA	Req_9	
Req_10.1	Admin registration approval	Super user should be able to approve Admin registration	F	Critical	NA	Req_10	
Req_11.1	Add planes / update planes	On clicking "Add Planes", it should redirect to the page to add Plane.	UI	Critical	NA	Req_11	
Req_11.2	Add planes / update planes	Admin should be able to update the mandatory fields of the Planes	F	Critical	NA	Req_11	Please refer to Table 3.0 under References
Req_11.3	Add planes / update planes	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_11	
Req_11.4	Add planes / update planes	Admin failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	F	Critical	NA	Req_11	
Req_11.5	Add planes / update planes	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_11	
Req_11.6	Add planes / update planes	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	F	Critical	NA	Req_11	
Req_11.7	Add planes / update planes	Admin should be able to view the list of planes by clicking "View Planes" link.	F	Critical	NA	Req_11	
Req_11.8	Add planes / update planes	On clicking the Plane ID, the system should display the details of the planes.	F	Critical	NA	Req_11	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_11.9	Add planes / update planes	Admin should be able to update the details of the plan on clicking "Update details" button	F	Critical	NA	Req_11	
Req_11.10	Add planes / update planes	On clicking "Save" button, the updated details should be saved to the database. Upon saving the information in the database, display the message 'Your details are submitted successfully'.	F	Critical	NA	Req_11	
Req_12.1	Update Flight Plan	Pilot on clicking Update Flight Plan should be redirected to the Flight Plan update page.	F	Critical	NA	Req_12	
Req_12.2	Update Flight Plan	Pilot should update mandatory fields - departure location, waypoints, estimated time of arrival, destination location, alternate airports, aircraft information, and the pilot's information.	UI	Critical	NA	Req_12	
Req_12.3	Update Flight Plan	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_12	
Req_12.4	Update Flight Plan	Pilot failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	F	Critical	NA	Req_12	
Req_12.5	Update Flight Plan	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_12	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_12.6	Update Flight Plan	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	F	Critical	NA	Req_12	
Req_13.1	Update Pre-flight mode	Pilot should be able to gather information necessary to enter flight mode.	F	Critical	NA	Req_13	
Req_14.1	Update Post-flight mode	Pilot should be able to gather information during flight mode. It should display the information regarding future flights.	F	Critical	NA	Req_14	
Req_15.1	Update Resources	Admin should be able to update the Resource details which is required for the pilot. Admin should be able to update the Waypoints, maps, and routes.	F	Critical	NA	Req_15	
Req_15.2	Update Resources	Waypoint - A stopping point that is along a route in which a set of coordinates identify a point.	F	Critical	NA	Req_15	
Req_15.3	Update Resources	Route - Collection of waypoints with a departure and a destination airport.	F	Critical	NA	Req_15	
Req_16.1	Target Generation Facility	Pilot should be able to get information about current flights or registered flight plans.	F	Critical	NA	Req_16	
Req_17.1	Add pilots work schedule	Admin should be able to add pilot's work schedule details.	F	Critical	NA	Req_17	
Req_18.1	View schedule	Pilot on clicking view the schedule should redirect to the Pilot schedule page	F	Critical	NA	Req_18	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_18.2	View schedule	The page should display the Pilots schedule. Pilot should have the option to view that days schedule, Weekly schedule and the schedule for the month.	F	Critical	NA	Req_18	
Req_19.1	Request rescheduling	Pilot should be able to raise a request for rescheduling the work schedule if required.	F	Critical	NA	Req_19	
Req_20.1	View / approve rescheduling request	Admin should be able to view the reschedule request from the pilot.	F	Critical	NA	Req_20	
Req_20.2	View / approve rescheduling request	On clicking each request ID, it should display the details.	F	Critical	NA	Req_20	
Req_20.3	View / approve rescheduling request	Admin should be able to approve / deny the request.	F	Critical	NA	Req_20	
Req_21.1	Update schedule	Upon approval, Admin should be able to update pilot's work schedule details.	F	Critical	NA	Req_21	
Req_22.1	Add Hangars / update Hangars	On clicking "Add Hangars", it should redirect to the page to add Plane.	UI	Critical	NA	Req_22	Please refer to Table 5.0 under References
Req_22.2	Add Hangars / update Hangars	Admin should be able to update the mandatory fields of the Hangars	F	Critical	NA	Req_22	
Req_22.3	Add Hangars / update Hangars	Clicking 'Submit' should validate the datatype constraints for each field	F	Critical	NA	Req_22	
Req_22.4	Add Hangars / update Hangars	Admin failing to provide information on the mandatory fields be provided with an alert message – 'Please update the highlighted mandatory field(s).' Also, highlight the missed out field in red	F	Critical	NA	Req_22	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_22.5	Add Hangars / update Hangars	Post-successful field level validation, save the information in the database	F	Critical	NA	Req_22	
Req_22.6	Add Hangars / update Hangars	Upon saving the information in the database, display the message 'Your details are submitted successfully'.	F	Critical	NA	Req_22	
Req_22.7	Add Hangars / update Hangars	Admin should be able to view the list of Hangars by clicking "View Hangars" link.	F	Critical	NA	Req_22	
Req_22.8	Add Hangars / update Hangars	On clicking the Plane ID, the system should display the details of the Hangars.	F	Critical	NA	Req_22	
Req_22.9	Add Hangars / update Hangars	Admin should be able to update the details of the plan on clicking "Update details" button	F	Critical	NA	Req_22	
Req_22.10	Add Hangars / update Hangars	On clicking "Save" button, the updated details should be saved to the database. Upon saving the information in the database, display the message 'Your details are submitted successfully'.	F	Critical	NA	Req_22	
Req_23.1	Allotting planes to the Hangar	When Manager clicks Allot Hangar, the system should display the list of Hangars available and the list of planes waiting for hanger	F	Critical	NA	Req_23	
Req_23.2	Allotting planes to the Hangar	Manager should have the option to select the available hangar and allot it for a plane	F	Critical	NA	Req_23	Please refer to Table 6.0 under References
Req_24.1	Update Hangar status	After allotting Manager should update the status as Available / Allotted	UI	Critical	NA	Req_24	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_25.1	View Hangar Status	Manager on clicking "View Hangar Status", the page should display the list of all Hangars with status	UI	Critical	NA	Req_25	
Req_26.1	Generate Report	Admin on clicking Reports should redirect to the reporting page.	F	Medium	NA	Req_26	
Req_26.2	Generate Report	It should display drop down Pilot schedule, Hanger allotment, Plane details.	F	Medium	NA	Req_26	
Req_26.3	Generate Report	On selecting Pilot schedule, it should display the Pilots work schedule.	F	Medium	NA	Req_26	
Req_26.4	Generate Report	On clicking Hanger allotment, should display all the available Hangers and the allotment details	F	Medium	NA	Req_26	
Req_26.5	Generate Report	On clicking Plane details., should display all the available Planes and the details	F	Medium	NA	Req_26	
Req_27.1	Other validations	During registration, System should pop up three secret questions for Password recovery.	UI	Medium	NA	Req_27	
Req_27.2	Other validations	When the user clicks Forgot User ID, system should ask for the secret questions. On answering the questions correctly, the User ID should be displayed.	UI	Medium	NA	Req_27	
Req_27.3	Other validations	When the user clicks Forgot Password, system should ask for the User ID and secret questions. On answering the questions correctly, the password reset page should be displayed.	UI	Medium	NA	Req_27	

Req. #	Rationale Categorization	Business Requirement	Req. Type *	Priority **	Originator ***	BR Traced to Business Requirement / Use case ID	Impacted Stakeholders
Req_27.4	Other validations	On entering the details in the password reset page, password should be validated	F	Medium	NA	Req_27	
Req_27.5	Other validations	On clicking Submit, the details should be saved to the Database	F	Medium	NA	Req_27	
Req_28.1	Help	Portal to display a form that allows user to report the technical issues through Email: Issue Description Send Button	F	Low	NA	Req_28	
Req_28.2	Help	Portal to display the Contact number to report issues	F	Low	NA	Req_28	
Req_29.1	Manager / Admin / Pilot Log off	Option to log off from the system.	UI	Critical	NA	Req_29	

## 5.0 References

Note: Table details can be altered as required. Additional tables can be added if needed
